Week 5 Discussion: Narrative Essay Draft

Peer Response

Address the following in your peer review responses:

- Discuss the flow and organization of the paragraphs and explain suggestions for any revisions/reordering to the paragraphs.
- Comment on the strength of the thesis statement and how it flows into the body of the essay or why the thesis needs revision.
- Explain how you will ensure that your essay is well-edited as a suggestion for your classmates.

In addition to your original post, be sure to provide a meaningful response to at least two of your peers' posts by the end of the week. In your responses to your peers, you might provide constructive feedback that will help them improve their writing, as next week, they will revise/edit their essays based on your feedback from this week.

Response 01

Hey Alex, great post! You have crafted a compelling narrative that illustrates your journey from anxiety to confidence. How you describe each debate stage, particularly your strategic preparation and the climax during the rebuttal round smoothly flows and keeps the reader engaged. However, the thesis could be more prominent in the introduction to anchor these experiences around a central argument. As a tip, revisiting your draft after a brief pause might help you spot areas for tightening your thesis and enhancing the overall impact of your story. Great work on sharing your transformative experience!

Response 02

According to the instructions of ENG 101 Week 5 Discussion, we are supposed to write two peer responses. I have addressed the given instructions in one response. Following these instructions, you can write your peer responses.
