## Discussion Post and Responses

### **Introduction Post:**

My name is Emily Johnson, and I am majoring in Business Administration. I have always been fascinated by the power of effective communication and its impact on professional success. My educational goal is to complete my degree in Business Administration, focusing on mastering various communication strategies. Professionally, I aim to work in corporate management, where I can leverage my communication skills to influence and lead effectively.

I possess strong public speaking and active listening skills, which are crucial for any professional setting. However, based on the module resources, I must work on my nonverbal and written communication skills. Enhancing these areas will help me convey my ideas more clearly and build stronger relationships with colleagues and clients.

### **Response to Peer 1**

"Hi, Emily. I noticed we both share a goal of excelling in corporate communications. Your strength in strategic messaging is awe-inspiring as it enhances team coherence and effectiveness. From our readings, enhancing this skill could further improve organizational responsiveness, which aligns with our shared objectives. Focusing on these elements fosters a cooperative learning atmosphere that enriches the discussion and deepens your understanding of effective communication practices."

### **Response to Peer 2**

According to the COM 127 1-1 Discussion instructions, we are supposed to write two peer responses. I have addressed the given instructions in one response. Following these instructions, you can quickly write your peer responses to 1-1 Discussions without a hassle.
